## Fashion Show To Feature Girls' Assembly

Featuring a fashion show, the Girls' League program will be of particular interest to the girls of Torrance High this afternoon. The clothes are being modeled by girls who have made them in the sewing classes. The wearing apparel has all been made this semester by students from the seventh to twelfth grades under the direction of Mrs. Florence Vandermaast, home economics teacher.

Coats will be modeled by Betty Fagan, Leona Van Kralingen and Pat Ream. Spring and summer dresses will be displayed by Angelina Corraia, Peggy Busick, Doris Hatfield, Dolores Bender, Margaret Hetrick, Margaret Roses, Johnetta Dorris and Patsy Jessome. Mona Jean Bray will wear a lovely two-piece dress, while Floretta Wakefield will model her sport jacket. Also in the sport line will be a play suit made by Lee Wellman, and a pair of "peddle pushers" by Betty Fagan. Skirts will be shown by Iris Lee, Dorothy Sanders, Harriet Graves, Betty Ingram, Jackie King, Jean Powell, Wanda Downs, Beverly Mays, Daphne McVey, Faye Kallwasser, Ada Hansen and Patti Sumner. Wool skirts and boleros will be worn by Lorraine Stevens and Wilma Penner. Mary Sapin, Doris Fowler and Peggy Landreth will model skirts and blouses. Gowns and dressing jackets have been made by Gloria Flores and Mickey Kapsch.

The B7 girls are proudly displaying their first sewing projects which are aprons. They are Ermalinda Alvarey, Nancy Allen, Joyce Bound, Barbara Coleman, Grace Lafferty, Helen McBride, Sharlie Moore, Beverly Fritz, Roberta Tutor, Patsy Holoman, Betty Jo Skaggs, Owen-dolyn Perry, Mary Lee Ryan and Anabel Emery.

The assembly which will be held in the auditorium, will be a regular Girls' League meeting. Preceding the display of fashions there will be a regular business session conducted by Frances Harrington, president. League song leaders, Joy Ounsler, Jean Brown, Loreen and Moreen Smith, will lead the assembly in songs and yells, each side of the auditorium trying to outsing and outyell the other.

Incidental music will be played by Nancy Whyte, girls' league pianist.

## Harness Racing Meet Scheduled

A preview of the coming 25-day grand circuit harness meet to be conducted by the Western Harness Racing Association at Santa Anita Park, April 16 to May 18—will be held Sunday afternoon, April 14, in spacious and beautiful Santa Anita Park. Gates will be open at 12:30 p.m. and the usual attendants will be in full uniform to care for the needs of the public.

General Manager Bernard Kearney has announced that a series of demonstrations showing the difference between trotters and pacers will be conducted by Racing Secretary Edwin T. Keller.

There will be several races with drivers and horses in full racing regalia.

Roy Shudt, noted Eastern race caller who announced the famed Hambletonian at Goshen, N. Y., last year will be on the public address system to explain harness racing to the many new fans expected.

Concessions will be open and the entire affair will be run just like a regular day at the races with the exception that there will be no betting.

## Speeders Are Warned To Slow Down And Live

"Slow down and live longer!" This terse bit of advice to California motorists came today from Edgar E. Lampton, the new Director of Motor Vehicles, after a study of 1945 traffic casualties disclosed 1093 accidents in which one or more persons lost their lives because of traveling too fast for the conditions.

The same study showed 10,416 accidents in which one or more persons were injured, all attributable to excessive speed. Deaths usually occur, went up 42.4 percent and injuries, 48.2 percent.

"These figures indicate conclusively that many people are driving too fast for safety," Lampton commented. "Almost overnight we have returned to pre-war conditions of traffic congestion. The average car on the highways is now more than eight years old. Our tires will not stand excessive speed."

"The obvious answer is to slow down to a safe speed and avoid getting into trouble," Lampton added that he has instructed California Patrol officials to pay particular attention to speed violations. He favors an overall reduction in speed limits until such time as improved equipment can be replaced and general conditions return more nearly to normal.

## VA Takes Over Birmingham General Hospital

The Veterans Administration officially took over the Army Birmingham General Hospital, near Van Nuys, last Monday, April 1. Hundreds of war-disabled servicemen will be discharged from the service and turned over to the care of the VA without removing them from their beds.

The soldiers now stationed at the hospital will be transferred, and new attendants to take their places will have to be supplied immediately by the VA. Unless new help is on hand when the VA assumes charge many totally disabled veterans will not have adequate care. The situation is serious.

Hundreds of attendants are needed at once.

Civil Service has permitted the VA to start attendants as SP-3s, salary \$1704. These will be Civil Service jobs with accumulated leaves, sick leaves and four hours overtime per week at time and one half pay. No deductions will be made for retirement. Those who qualify will be placed on permanent Civil Service status.

Attendants will clear about \$125.00 per month over all living expenses.

Excellent quarters for single men are furnished for \$5.00 per month. Meals of the best kind cost but ONE DOLLAR per day. Uniforms and laundry will be furnished free.

## Way To Reinstate National Service Policies Told

Veterans may reinstate lapsed National Service Life Insurance policies without physical examination if they submit a signed statement they are in as good health as at the time of lapse, L. C. Chapman, manager of the Los Angeles Region of the Veterans Administration, announced today.

Permanent regulations which are suspended until January 1, 1947, require a physical examination if date of reinstatement is more than six months after the veteran's separation from the service, or more than three months from the date of lapse.

After December 31, 1946, regulations that applied before liberalization will again be effective.

Other provisions of insurance regulations were not changed. The liberalization does not affect requirement regarding payment of premiums. In the case of policies which have not been converted to a permanent form, only two monthly premiums must accompany the application for reinstatement. On those which have been converted, all payments which have been missed must be paid with interest.

## Hospital Cases

Patients entering the Torrance Memorial hospital during the past week, included the following:

Earl Towle, 1738½ Martina ave.

Mrs. Bruna C. Lopez, 231 Arlington ave.

George Kenney, 1543 W. 203rd st.

Radio broadcasting actually began on November 2, 1920, when the Westinghouse station in Pittsburgh, Pa., KDKA, broadcast the returns of the Harding-Cox election.—The Red Book.
